ALEXANDRA SCHOOL BOARD

The regular monthly meeting of the Alexandra school board was held on Tuesday evening with Mr. J. E. Fowler, chairman, and Messrs. Anderson and Ellis and Dr. Walker present.

Minutes of previous meeting read and adopted.

Incidental accounts to the amount of $107.60 were passed for payment.

The general conditions of the school was then discussed at some length, as was also the improvements that have been recently made to the building. It was moved by Dr. Walker and resolved that S. H. Pelton's final account amounting to $200 be paid for the work of completing the top storey.

Meeting adjourned.

CURLING CLUB RE-ORGANIZED

A largely attended meeting of curling enthusiasts was held in the Merchants Bank Block on Friday evening last to organize for the ensuing season. Mr. J. F. Fowler was elected as chairman, Wilford Forbes, last year's secretary-treasurer, read financial statement which showed a balance of nearly $75 on hand.

The election of officers then took place, which resulted as follows:

President, Dr. H. C. B. Weller
1st Vice. President, Wilford Forbes
2nd Vice Pres., W. J. Stephenson
Sec.-Treas., J. Franklin
Chaplain, Rev. W. Y. McMillan
Executive Committee, Messrs. H. E. Todd, J. H. D. Benson, L. H. Rix, A. G. Gross and J. F. Fowler.

The membership fee was set at $10.00, and it is the intention of the club to purchase several sets of rocks for the use of green curlers.

The club will have a large membership this season, and with the handsome new rink, an excellent time is assured this winter to all who play "the roarin' game."

Meeting adjourned until Friday evening.

LIBERAL CONVENTION

A convention of the Liberals of the Federal riding of Strathcona will be held in Angus Opera House on Wednesday, Nov. 20th, to select a candidate to contest the constituency for the House of Commons. The convention will be called to order at 11 o'clock in the morning, when will also be selected for the Provincial election of the Central Alberta Provincial Association has arranged that meetings will be held in each of the rural sub-divisions on Monday, November 18th, for the choosing of delegates to attend the convention. The meeting to select the Wetaskiwin delegates will be held in the Alberta Hall on Tuesday evening, Nov. 19th.

Thos. E. Spencer, who has been a resident of Calgary during the past summer, arrived in town on Friday last to spend a couple of weeks visiting at his home and renewing acquaintances. He is a shareholder in the Wetaskiwin Decorating Co., Ltd., and rumor says that he will shortly return to the city and take an active part in the company as decorator and paper hanger.

CHURCH CHIMES

Rev. Dr. McQueen of Edmonton preached two excellent sermons in the Presbyterian church on Sunday last, Rev. Mr. Hogg taking Dr. McQueen's work in the north city.

Remember the rally in the Baptist church on Friday evening of this week, to be addressed by Rev. Geo. T. Webb, international secretary of the B. Y. P. U.

The Bishop of Calgary will administer the Sacred Rite of Confirmation, in the Immanuel church on Wednesday evening, Nov. 20th, at 8 o'clock. All cordially invited to be present.

Rev. Dr. Daly, L. L. D., will conduct a special biographical service in the Methodist church next Sunday evening, taking for his subject the life of Martin Luther. Appropriate music will be rendered by the choir.

A gospel service will be held in the English Baptist church on Sunday afternoon next at 3.30 o'clock, conducted by Mr. Axel Abrahamson. All cordially invited.

Don't forget the Thanksgiving services and offering next Sunday Nov. 17th, in the Scandinavian Baptist church. Service begins at 11 o'clock. All Scandinavians are welcome and all who understand Swedish.

"A New Temperance Reform Policy for The Province of Alberta." This will be the subject of the Presbyterian church under discussion by by the pastor, next Sunday at the evening service. The following are some of the clauses of the proposed Policy, which will be discussed: 1—Prohibit the sale by private persons or companies of all intoxicants; 2—Place the traffic under a Provincial Commission; 3—Abolish the bar, prohibit public treating; 4—Establish inebriate hospitals; 5—Subsidize hotels in smaller places. Every one should come out to hear this discourse as the proposed policy, which will be considered in the new one recently adopted by the Temperance and Moral Reform Association, and will likely be forcibly brought before the people of Alberta at an early date.

LIBERAL MEETING

A meeting of the Liberals of Wetaskiwin will be held in the Alberta Hall on Tuesday evening, November 19th, at 8 o'clock sharp, for the purpose of the annual election of officers, and the selection of delegates to attend the nominating convention on the 20th inst. All Liberals are urged to be present.

CITY NOTES

Mrs. Jos. P. Richards and sons returned Monday after a month's visit with relatives at Stettler.

W. P. Wendt of Edberg was in the city this week on business. He is having an auction sale on the 28th inst.

Gross & Johnson have taken over the agency for the B. C. Investment & Loan Co.

M. E. O'Brien went to the capital on Monday evening on a professional trip.

The regular meeting of Victor Encampment No. 3 will be held in the Odd Fellows hall on Friday evening. All patriarchs in town are cordially invited to attend.

See the beautiful display of Calendars, Xmas Cards, etc., at Stephenson's. It is time to think of friends at a distance.

Walter Carruthers, who spent the past couple of months in the Okanagan Valley, returned home on Friday evening last. He has invested in some fruit lands in the western province.

Miss Pearl McPhail is spending a well earned holiday this week with Edmonton friends.

The Great McEwen will be here for two nights, commencing Monday, November 25th.

Xmas goods coming in every day at Stephenson's, by express, mail and freight.

Mrs. Herbert G. Harvey Neville will receive for the first time since her marriage on Wednesday, Nov. 20th, at her home on Lorne Street.

A. R. Boswell, of Vancouver, is in town this week shaking hands with his many friends, and attending to business interests.

W. J. McNamara was transacting business in Edmonton last week.

Another shipment of Pyrography ects, etc., expected this week at Stephenson's.

H. S. Taylor of Strome was transacting business in the city this week.

H. G. Neville, city engineer, made a professional trip to Sedgewick on Monday.

Miss Berns arrived from Peterboro Ontario, on Saturday and commenced her duties on the staff of the Alexandra public school on Monday. This makes ten teachers on the staff and there is a likelihood that another assistant will be required after the Xmas holidays.

The November meeting of the A. F. & A. M. is being held in the Masonic Hall this Thursday evening.

The derrick has been moved to a position about fifty yards west of where Mr. Harvey was drilling for water, and operations have commenced on the new well. Good progress is being made as the well is now sunk about 75 feet.

J. H. Robinson made a business trip to Sedgwick on Tuesday.

F. W. Thorold of Calgary has accepted a lucrative position in Kelowna, B. C., where he will be engaged in irrigation work. His many friends here wish him all success in his new field.

The farmers of the Wetaskiwin and Lacombe districts are selling their oats at 22c to 25c. From 25c to 30c is being paid at Red Deer.—Advocate.

Our contemporary is not what mistaken in the above statement. Oats at Wetaskiwin have been contracted 30c for the past couple of weeks and prior to that were as high as 35c.

THE PROVINCE OF ALBERTA

We are taking the liberty of culling a few good things pertaining to the Province of Alberta from the Official Handbook of the Province which has very recently been published at Edmonton, under the direction of the Hon. W. T. Finlay, Minister of the Department of Agriculture. The book contains a number of half-tone cuts of fields in the district.

"In presenting the claims of "Sunny Alberta" to those looking for a new home, or for a wider sphere in which to exercise their energies, an honest effort has been set forth in this pamphlet this pamphlet to establish the true facts about the advantages and resources of the province, in other words to tell the story—so that the new settlers will find conditions as represented when he arrives.

Climate, healthfulness, education facilities, government, fertility of the soil, natural resources and general opportunities are all matters which come under consideration by those looking to new lands. In this pamphlet an effort will be made to briefly set forth the leading facts about these matters. Perfection is not to be found here any more than anywhere else. It is generally believed, however, that the clear, bracing air of Alberta with its bright sunshine and fertile soil, and golden opportunities present as favorable an opening to those contemplating the improvement of their conditions as can be found anywhere. The many natural advantages of the province if rightly used, go a long way to the formation of happy and prosperous homes. While Alberta is a land of abundant opportunities, yet success waits here as elsewhere on individual effort and initative. Though many thousand people are coming to Alberta each year, yet there is room for many thousands more, and instead of diminishing the opportunities for success, only make them greater.

BOUNDARIES

With the Rocky mountains to the west as a background and the International Boundary separating Canada from the United States to the south as a base, the province of Alberta extends north and east comprising an area greater than that of any country in Europe save Russia, and more than twice the combined area of Great Britain and Ireland. Its northern boundary, the 60th parallel of latitude, passes through the Shetland Islands and north of St. Petersburg, and its southern boundary, the 49th parallel of latitude, passes south of the English Channel, through the middle of Austria Hungary. Its width is greater than the distance from Quebec to Halifax, or from Liverpool to Paris, or from Buffalo to New York, and its length exceeds the distance from Chicago to Washington or from St. Louis to New Orleans, or from Paris to Rome. A full sized map of the British Isles might be comfortably placed within it bound and compared to it, or make a combined France and Spain.

HISTORICAL SKETCH

Alberta is part of the Great Prince Rupert Land over which the Hudson Bay Company obtained jurisdiction by receiving a Charter to Trade there in from King Charles II. For nearly two centuries the company endeavored successfully to convey the impression for the outside world that the whole region west of the Great Lakes and the Hudson Bay was unfit for the production of anything but fur. Towards the middle of the nineteenth century, however, reports of the climate and vegetation became so favorable that after Confederation in 1867 the Canadian government prevailed upon the British Government to make a settlement with the Hudson Bay Company which the result that the territory together with the jurisdiction thereof was taken over by the Government of the Dominion of Canada; while the company accepted a cash bounty retaining as well one-twentieth of the land, and the fur trading privileges. Since that date every day reveals possibilities possessed by this territory.

Alberta is named in honor of the visit in 1882 of Lord Lorne and Her Royal Highness Princess Louise Alberta. In 1883 a transcontinental railroad connected the territory with both the east and west, since which time advancement in every line of industry has been rapid and lasting. In 1905 it was incorporated as a province and now enjoys the full privileges of self government.

The first settlement in the Province was made in what is known as the foot hill country in the south. The pioneers came by bull team from Montana, and cattle raising was their first occupation. The beginning of another settlement was made in Edmonton, the enterprising pioneer making the long journey overland from Winnipeg in the famous Red River carts. Settlement gradually extended to the south of Edmonton along the trail to Calgary with the advance of the railway and more rapidly as the railway was pushed north. Since then settlement has steadily increased until the older parts present an appearance of settled prosperity and comfortableness—convincing evidence of the fertility of the soil and the opportunities that lie before the new-comer.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a herb the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sore and sensative bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other.

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT or LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED. . . . . .

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mrs. Henry Seabrook, Hepworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

News Notes

Clay Center, Kansas, is now the home of an $8,000 Poland China hog, the property of C. W. Dingman of Clay Center and Smith Bros. of Almena. "Voter" is the name of this wonderful hog and not only is he an $8,000 hog but he is the finest specimen of his breed in the world, according to hog experts of the United States. Voter won the championship prize over all Poland China hogs of all ages at the Illinois state fair. The Illinois state fair is held late and the winners of all the state fairs held before were there to compete for the prize of champion which would indicate that the winner was the best of his breed of any age in the world. Voter is not only valued at $8,000, but a half interest in him sold at the rate. He is the highest priced Poland China hog in the world.

Eighteen hundred dollars have been paid into the Edmonton Land Titles Office by the C. P. R. for certificates to lands owned by them under the terms of the subsidy for the construction of their main lines and branches. Formerly they fenced the same as homesteaders and did not have to pay any fee for these titles, but the Alberta Government at its first session passed a land titles act and one of the provisions compels the C. P. R. to pay five dollars for their titles. The income at this office from this source each year will reach between two and three thousand dollars. This is a good deal better than doing all the work for nothing as was the case under the old law.

Vancouver, Nov. 11th—10,200 Orientals and Asiatics arrived in British Columbia since January 1st, 1907, as follows: Japanese, 8,000; Hindoos, 2,000; Chinese, 300, and the figures are official, coming from Dr. Munro, Dominion immigration agent and medical health inspector for the port of Vancouver. Besides this number, a great many more were refused admittance.

The Trimble creamery report making 17,000 pounds for September. Price paid to patrons 21 cents on butter fat. They expect to be able to pay about 24 cents on the butter fat for October. These prices are much higher than last year at this ltime. The Trimble creamery expects to pay between 25c and 30c on the butter for the winter season. It will pay patrons to take the best care of their cows and keep them up as there is lots of green feed this year. The output of the Trimble creamery for the year will run about 140,000 pounds. This means between $30,000 and $40,000 distributed through this part of the country.—Red Deer News.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

A CASE OF SUBSTITUTE

"Suppose you let me have some poached eggs, George, said a careful traveller to a waiter in a doubtful hotel.

"They're always safe," thought the traveller as the waiter went into the kitchen. And then he heard the breaking of an egg; a second egg; two more eggs; and at the sound of breaking of egg after egg he began to wonder.

Finally the waiter appeared. "Say boss," he said, "how would an omelet do instead."

SYSTEM OF GOVERNMENT

The system of government is similar to that of any other British Province. As an integral part of the Dominion of Canada, Alberta is entitled to a representation of seven members in the House of Commons at Ottawa, as well as four members in the Senate. It is the duty of these representatives to look after the interests of the Province as they relate to the whole Dominion. For matters of a local nature—such as the building of roads and bridges, the management of the Educational system and things directly affecting Agriculture at Edmonton made up of twenty-five members. The members of both houses are elected by the people. With such a system of legislation, based as it is on the principles of British justice, the people of Alberta enjoy all the privileges of self-government.

MILBURN'S LAXA-LIVER PILLS

are mild, sure and safe, and are a perfect regulator of the system.

They gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, curing Constipation, Sick Headache, Biliousness, Dyspepsia, Coated Tongue, Foul Breath, Jaundice, Heartburn, and Water Brash. Mrs. R. S. Ogden, Woodstock, N.B., writes: "My husband and myself have used Milburn's Laxa-Liver Pills for a number of years. We think we cannot do without them. They are the only pills we ever take."

Price 25 cents or five bottles for $1.00, at all dealers or direct on receipt of price. The T. Milburn Co., Limited, Toronto, Ont.

BOARD OF TRADE MEETING

A special general meeting of the Board of Trade of the City of Wetaskiwin was held in the City Hall on the evening of the 6th of November at 8 p. m. The chair was occupied by the President, J. H. D. Benson. There were present the members of the executive council and others. The minutes of the previous meeting were confirmed. The President proposed the names of forty-seven new members, who were applying for membership, who were accepted.

The President gave an outline of the work that had been done since the last meeting. He referred to the fact that the Board were happy in securing the services of an efficient secretary in the person of Mr. J. Bradley, who had done much to make a success of the work that had been done this year. There had been some fifty articles written to outside papers, the Council (City) had granted the Board $250 and a further grant of $5 per member to fiftymembers, which membership had increased to 87. The council had met 14 times and on the whole had had a very successful year. In addition to the regular work of answering correspondence, some of the more prominent work done by the Executive was mentioned. The British Journalists had been entertained and glowing accounts had been received from them through the English press of their reception, which also gave in addition a writeup on the District. Grain samples had been sent to the Canadian Government Agent at Spokane as well as 3,000 leaflets for distribution. Word had been received that the exhibit was a good one and had been viewed by over 100,000 people, and the literature had been all distributed, and good results could be expected.

A special write up with views was given to the C. P. R. Co. for the booklet they are getting out and all correspondence from this source would be directed to the secretary of the Board of Trade. Information was also given to the Bulletin and views for a write up in the paper and arrangements are being made to have this work repeated in other papers. Views and literature has also been sent to Scotland and many other outside points, and all information of the city and district is being sent in an organized way to the States.

A discussion took place re the advisibility of bringing in seed grain when it was moved and carried that the secretary correspond with the secretaries of the Society of Equity and the Farmers' Association to see what arrangements could be made in the matter, also the matter of bring in fall wheat raised by Mr. Ellis be left with the Executive council.

After discussing other matters affecting the welfare of the city, the meeting adjourned.

CHICKENS AT $200 EACH

Five Jackson county, Missouri, chickens sold last week at $200 each. They were raised by Ernest Kellerstrass on his chicken ranch at eighty-fifth and Holmes streets, Kansas City, and were bought by Walter C. Weedon of the Honolulu, Hawaii, Chamber of Commerce. The chickens are Crystal White Orpingtons which, Mr. Kellerstrass says, lay an average of 40 per cent. more eggs than any other variety of chicken.

But $200 chickens are common on Mr. Kellerstrass's ranch. There Crystal King is valued at $2,000, a first prize winner at Crystal palace, London, in 1906, and Madison Square garden, New York, this year; "Bobby" valued at $1,000, first prize winner at Madison Square in 1906; "Booty," valued at $500; "Princess Louise," valued at $1,500, which laid 236 eggs in 365 days; and "Peggy" and "Gracious" valued at $250.

DOING EXCELLENT WORK

It is just two years ago since the Alberta Government was elected to power by the electors of this province. Among the important steps taken since that time have been the establishment of the government telephone system, the creamery system, poultry fattening stations, the creation of five district courts and the passage of a Courts Act which materially reduces the cost of litigation the establishment of a Normal School, the passage of a Mechanic's Lien Act, A Health Act, A Game Act, A Liquor Licence Act, A Corporation Tax, an Educational Tax and other important measures. Then roads have been built, bridges, large and small constructed, public buildings commenced. The laws have been well enforced. An industry in its infancy but bound to be a great resource in the province, the sugar beet industry, has been assisted. For the farmers in the semi-arid belt instruction has been given by a lecturer sent out by the Department of Agriculture. On every hand there are evidences of the careful but energetic conduct of the affairs of the province and the record of the next two years will be even more remarkable as the government has practically only commenced its work.

CITY NEWS

Flags were flying Saturday from the principal buildings in the city in honor of the King's birthday.

What is the matter with Wetaskiwin having a Canadian club? Such an institution would be a great benefit to the town and to the district, and would tend to inculcate the ideas of patriotism and Canadian sentiment.

R. M. Angus was doing a rushing business this week in the threshing machine line, having delivered and satisfactorily started two 15 h. p. gasoline outfits, one being to Messrs. Berghn & Pearson of Crooked Lake, and the other to Messrs. Roderick & Olson, south of town.

That there are good pigs being bred in the district is shown by the fact that at the recent fair in Wetaskiwin, Judge Clark placed a May pig, bred and owned by Lew Hutchinson, the Berkshire breeder of Duhamel, ahead of a March pig that Mr. Hutchinson purchased this year in Manitoba, and which won 3rd in his class at Winnipeg and was said by Judge Teasdale, who graded them to be the best pig for his age in his class at the Winnipeg Exhibition. Mr. H's advt. appears in another column and is of special interest to anyone having feed grain to sell. Hogs will be high next year.

NEWS NOTES

The Saskatoon Capital gives a lengthy account of a most successful school entertainment given in that city, on the evening of October 30th. It was such a success that the concert was repeated the following evening. Mr. Irvine, the principal occupied a similar position at the Alexandra school here during the spring of last year. We are glad to learn that our old friend is doing such good work in the sister province.

A Conference of Leaders in Sunday School and Young People's Society held at the Methodist church, Red Deer, from Tuesday to Thursday, Nov. 26th to 28th. The general Work in the Methodist church will be theme is Religious Education and a very strong programme has been prepared, the speakers at the evening meetings being among the leaders of the church in the West.

Yes, the crops are turning out better than expected, the prices are better than was looked for, the weather has been all that could be desired. Trade has been picking up the last week or so, and there is generally a better feeling among farmers and citizens than for some months past. Everything points to a moderate and pleasant winter season ahead of us. The ground is freezing by degrees and there will not, in all probability, be much snow. The coal bill will be lessened The ranchers' cattle will be able to rustle out a while longer, the farmer can get his threshing done and tidy up for the winter, then market his grain and come to town and lay in a supply of goods for the winter.—Dunn's Review.

BATTLE RIVER

Gustave Suys, the old reliable thresherman of this district, is again on his rounds with his machine. The grain is turning out much better than the farmers had expected, therefore the farmers in this community are in a prosperous condition.

NEW SWEDEN

Rev. W. T. Gunn, M. A., B. D., superintendent of the Congregational work in Canada, will preach on Sunday next, Nov. 17th. The pastor, Rev. C. G. Anderson, will also be present. All cordially invited.

The prospects of forming a rifle association in Lacombe are excellent. Mr. L. B. Browne informs us that nearly half the required number have already signified their intention of joining the organization. These are all good men who have been in the service or have other qualifications. It is the intention of those having the matter in hand to call a public meeting in the near future at which the desirability of a rifle association will be set forth and matters pertaining to the organization discussed.—Advertiser.

If frozen grain can be laid down in Ontario at a price that will warrant the farmers in feeding it to the hogs and other classes of stock there can be no doubt that large quantities could be marketed in Ontario and fed to advantage, says the Ontario Dept. of Agriculture.

CHILDREN HAD MUMPS

Every mother knows how fretful the little ones are when they develop Mumps, and the many nights rest she is called upon to sacrifice. Mrs. S. A. Hammond, of Mimico, says: "My three children have had the Mumps, and I used Zam-Buk for all of them with excellent results. Zam-Buk did my children a world of good, and I will always keep it handy as a household remedy. I would recommend it to all mothers, and think that no home should be without it."

BLOOD POISON AVERTED!

A punctured wound, properly treated, will heal quickly if Zam-Buk is applied according to directions, but if carelessly treated may result in death through blood poisoning.

Mrs. Hammond (the mother of the children cured of Mumps) was wise in applying Zam-Buk when she trod on a rusty nail. She says: "I trod on a rusty nail, which caused a very painful sore. Two applications of Zam-Buk ended the pain and removed the inflammation." No wonder she decided to do what thousands are doing, viz.: "Keep Zam-Buk handy as the household remedy."

DR. PRICE'S CREAM BAKING POWDER

A PURE, healthful, grape cream of tartar powder, the only kind that can be used without impairing the healthfulness of the food. Makes the biscuit, cake and pastry more digestible and wholesome. Absolutely free from alum and phosphate of lime.

Chemical analyses show the low priced powders made of alum to contain large quantities of sulphuric acid, and that a portion of the alum from alum baking powders remains unchanged in the food. You cannot afford to take alum and sulphuric acids into your stomach.

COUNCIL PROCEEDINGS

An adjourned meeting of the council was held on Wednesday evening of last week with Mayor MacEachern and Ald. Kelley, Chandler and Montgomery present.

Mr. George H. Henwood presented his resignation as city solicitor. It was moved by Chandler—Kelley—That the resignation of Mr. Henwood as city solicitor be accepted with regret.—Carried.

It was moved by Chandler—Montgomery—That E. D. H. Wilkins be appointed city solicitor for the balance of the year 1907.—Carried unanimously.

It was moved by Kelley—Montgomery—That the city clerk be instructed to write Mr. R. H. Jamieson, pointing out that it is for the G. T. P. R. to make application to the railway commission re opening the crossing at Pearce street according to the agreement lately entered into by the Pacific and Edmonton railway Co.—Carried.

A letter was read from the solicitor re Nurse Walsh's account for nursing typhoid patient. On motion of Kelley—Chandler—The letter was held over until next meeting.—Carried.

Ald. Montgomery, chairman finance committee, reported on R. H. Cook & Company's letter re mortgaging debentures. It was moved by Kelley—Chandler—That the matter of raising money for extension of electric light plant by a mortgage on the $30,000 debentures be taken up at once, and the agent of the R. H. Cook Mortgage Company be communicated with in this matter.—Carried unanimously.

Accounts to the amount of $3728.79 were passed for payment.

Ald. Montgomery introduced a by-law to raise $35,000 by overdraft to meet current expenses, which was read the first, second and third time and finally passed.

Meeting adjourned.

The regular meeting of the city council was held on Tuesday evening with Mayor MacEachern and Ald. Kelley, Olin, Montgomery, present.

Minutes of last regular and special meetings read and adopted.

Montgomery—Kelley — That the work of putting in new stairway at city hall be left in the hands of the public works committee.—Carried.

A letter was read from W. F. Lee re his account. It was moved by Montgomery,—Olin—That the letter be referred to the finance committee.—Carried.

A letter was read from Canada Iron & Pipe Co. re account for pipes. Moved by Montgomery—Kelley—That the accounts and all correspondence referring to the transaction be referred to the city solicitor for his opinion as to the city's liability for payment of broken pipe.—Carried.

A letter was read from C. S. Lott stating that his principals were agreeable to donating $800.00 worth of lots in the city in addition to the $700.00 worth of property at power house as their contribution toward the work of draining slough. It was moved by Olin—Montgomery— That Mr. Lott be informed that the council will accept $800.00 in lots on addition to power house site in lieu of $1,500 as their contribution to ward creek diversion.—Carried.

Meeting adjourned.

CORRESPONDENCE

(We do not necessary endorse the sentiments advanced by this or any other correspondence under this heading.)

WHO IS D. FRENCH?

The Editor Times.—

Sir,—A short time ago applications for the position of weighmaster for the city scales were called for by our council. There were several applications. With one exception these applications were from men who have been helping to support the city for a number of years, some of them also at the time are ratepayers.

Who received the apvointment? D. French. Who is this D. French? Has he in any way contributed to the support of our city? Has he any special qualifications, or are special qualifications necessary? Surely from among the other applicants, residents and ratepayers of the city, one might have been found with sufficient brains to weigh a load of coal or measure a cord of wood. Again we ask, who is D. French, and why has he been appointed over the heads of men who have belonged to and helped to support our city since it was but a hamlet?

For illustration it is sufficient to mention the names of four of the applicants, viz.: James Robertson, S. J. Youngberg, Otto Kling and Nestor Beguin. Each of these men has contributed to the support of our city for fourteen or fifteen years, while Mr. Robertson has also proved himself by his services in public office to be both trustworthy and painstaking.

While we would not advocate giving an old timer preference simply for the reason that he is an old timer, still we think that qualifications, etc., being equal, the man who has stayed with the city through good seasons and bad, fair weather and foul, has a right to that preference.

It would not be amiss if the people responsible for the appointment of D. French would make known their reasons for such appointment.

Signed,
M. McNichol H. A. Finch
S. B. Talbot E. Nunneley.

GWYNNE

A public telephone office has been installed by the Provincial Government in Rodberg's store, giving us connection with Wetaskiwin, Daysland and all the intermediate towns located between these two points on the Wetaskiwin C. P. R. branch.

Threshing is progressing nicely and shows a pretty good average of crop for all the surrounding district.

M. M. Bleiler & Co. are rushing business at the coal mine the secured from Frank Bouda near Gwynne.

Several tons of coal are delivered every day at Bleiler's coal mine, the most of it for Wetaskiwin supply.

M. M. Bristow & Co. are prospecting for coal on [illegible] located only one half mile from station grounds.

A. L. Waters has secured all of his lands back from the W. J. McNamara Co. of Wetaskiwin.

Postmaster C. Rodberg has opened a real estate office in connection with his store and telephone office.

Reports have just reached us that the C. N. R. and also the Grand Trunk Pacific will have their branch lines built through Gwynne in the early part of next summer.

NASHVILLE

We are sorry that Mrs. J. F. Peterson is not improving as favorably as her many friends would wish.

The young people in this vicinity had a jolly time on Hallowe'en, but their sport did not turn out as they expected and certainly not to their credit.

The people of this district need not freeze this winter if good coal will keep them warm. F. B. Linden & Co. are opening up a seam of coal on section 24, which promises to be an A1 article, as it comes from fifty feet below the surface.

CHANGE OF PRICE

With this issue the "Canadian Courier" changes from a five-cent to a ten-cent weekly. The publishers promise a greatly enlarged paper on December 1st. This illustrated paper has made great strides since it was established last year, and is certainly a creditable production. Judging from its appearance, both the reading and the advertising public have given it quick and generous support. Mr. John A. Cooper, the editor, is to be congratulated upon the success his venture has met with, and also upon the enterprise which he has displayed in bringing this national weekly to its present excellent position. Canada should be able to support the few national publications which she possesses.

THE LAST WEST

By R. H. Ferguson, Balgonie, Sask.

When first the Great Creator formed the skies,
He made the seas and all that in them lies,
Then hemispheres, but ere he gave name,
He waved his hand and lo! the Last West came.

It came with all that nature could bestow,
Its marsh and hay land ever lying low,
Waving to zephyrs with its changing green,
That shone and sparkled like a silvery sheen.

It came with uplands, bright in the light,
Gently undulating as a bird in flight,
Covered with the beauties of the floral sphere,
Varied in color, glowing far and near.

It came with hills and valleys studded strong,
With stately timbers on their sides along;
Or else perchance where cattle love to stray,
Pastures of plenty and beauty lay.

It came with lake and slough formed long and round,
It came with streamlets rippling o'er the ground.
And silently yet swiftly moved along
With grace the North and South Saskatchewan.

The bison roamed the plain without fear,
The coyote sneaked and sniffed in his rear,
The moose and elk contended in the wood,
Strayed to the bushes where the pevine stood.

The badger burrowed deep beneath the sod,
The muskrat built with grass and willow rod;
And good Dame Nature happily began,
Designed, created, for the good of man.

And man also, with wigwam for his home,
Dwelt in the gardens where the bison roamed,
Or travelled far with dog-train and his sled
To where fur trade his enterprises led.

With squaw and papoose here he lived content,
Nor knew not what the curved horizon meant;
Only to make a living did he strive,
And worshipped everything that seemed alive.

Securing bison with his horse and bow,
Snaring the bear with cord beneath the snow,
And catching trout and pickerel in the stream,
His life was happy, verily a dream.

Thus for some ages did he live and reign,
Nor wondered not if living were in vain,
Until his lost white brother came to share,
The grand and good things he was ruling there.

He drove the former monarch from his own,
And on the fertile lands he built his home;
His work soon dotted all the prairie o'er,
And on the plains the man lived no more.

The white man brought his cattle and his team,
And plowed the prairie with his power of steam;
He sowed his seed and his free flag unfurled
As agriculturalist to the wide, wide world.

He built the railway to his new abode,
And many a brother joined him by the road;
By prairie-schooner, horse and ox they came
To try their fortunes in the land of fame.

They crossed the ocean deep from Briton's Isles,
The English, Scotch and Irish with their wiles—
The Frenchman, aye endeavoring to please,
The Scandinavian from his land of seas.

The Yankee came with all his enterprise;
The Dutch and German in the arts so wise;
And o'en the quaint and quiet Doukhobor,
Who fears to kill the chicken for the gore.

First created by Almighty's hand,
Then nursed and nurtured by Great Britain's land,
And named and christened by their land of birth,
What country has an ancestry of more worth?

Then for the Last West people can we trust
A record upright, pure, progresive, just,
That to all nations shall a glory be
Through years and years and all eternity,

Canadians, as well, with anxious hearts,
Did travel westward from the older parts,
And in the land an anxious interest took,
A leading record for the West to book.

They mined the precious ores from out the earth,
They dug the coal so needful and of worth;
In lumbering and fisheries they proved
Adept, as onward to success they moved.

They reared their cattle and by carloads sent
Them eastward on the way that others went;
But, best of all, the wheat crop that they grew
Was greatest in the countries old or new.

The Last West are a gladdening welcome sent
To all who lived and labored in content,
And now as sisters twain she widens on
Alberta mild and fair Saskatchewan.

As with one heart these sturdy pioneers
Builded their dwellings for the coming years;
With tact and courage, working hand in hand,
Cities they built to dignify the land.

Developing in riches, beauty, grace
To Progress they have started on the race,
With sisters, neighbors, as to trumpet's call,
And for their ages now surpass them all.

What is their future? Oh, that we could look
Into its depths as in a magic book,
And know that ever in the coming years.
No sad disaster on its page appears.

And for their rulers may we o'er believe,
That both Truth and Honor they will cleave,
Leading the people of this mingled race
Onward and upward into paths of grace.

By kind example teaching them the way
Of noble living and true freedom's sway,
Holding before them an ideal high
For which they each and all would gladly die.

SUFFERING WOMEN

who find life a burden, can have health and strength restored by the use of

Milburn's Heart and Nerve Pills.

The present generation of women and girls have more than their share of misery. With some it is nervousness and palpitation, with others weak, dizzy and fainting spells, while with others there is a general collapse of the system. Milburn's Heart and Nerve Pills tone up the nerves, strengthen the heart and make it beat strong and regular, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is the result of renewed mental and physical vigor.

Mrs. D. O. Donoghue, Orillia, Ont., writes: "For over a year I was troubled with nervousness and heart trouble. I decided to give Milburn's Heart and Nerve Pills a trial, and after using five boxes I found I was completely cured. I always recommend them to my friends."

Price 50 cents per box or three boxes for $1.25, all dealers or The T. Milburn Co., Limited Toronto, Ont.

THE RETURN OF THE FAVORITES

THE WETASKIWIN DRAMATIC SOCIETY WOULD LIKE TO PLAY BEFORE THE CROWNED HEADS OF EUROPE

"GOD SAVE THE KING"

The Wetaskiwin Dramatic Society is returning—covered with glory—and—and—things—principally dry goods. The company has been strengthened since its last visit by the addition of several ladies and gentlemen of almost world-wide reputation. Winnipeg, Edmonton, Olds and Ponoka even London, England, have been thoroughly canvassed for talent of the best and the management was successful in every instance.

The Company, with a galaxy of new stars combined with all the old favorites, is now one of the finest dramatic organizations ever let loose on an unsuspecting public. The citizens of Wetaskiwin will remember the ever memorable performance of "Facing the Music" until they have seen the very latest farcical comedy "THE BARRISTER" and then Facing the Music will become a fading dream. The Barrister is a gem sparkling with humor, brilliant with wit and finally played by a Company with a "Facing the Music" reputation, a reputation at the top of the histrionic ladder, a reputation that has to be maintained at all costs, and the reputation will not only be maintained but will be surpassed with a cast that will be absolutely unequalled in the annals of the Wetaskiwin stage, every member being a bright particular star with handsome costumes, elaborate stage settings, and lastly complete new scenery.

The production of "The Barrister" will never be forgotten.
